

# Hater

Everclear

"Yeah, live and let live mother fuckers. I'm going to do me, you do you.  
You're all a bunch of haters."

I don't like the way that you talk to me  
When you tell me how it's going be  
And I don't like the way that you smile at me  
When you tell me what is wrong with me  
Sometimes I wish you would go away  
Go away and never ever come back  
I don't like the meaning that makes the things you do  
It makes me want to hate on you

Yeah it's got me sad  
I'm kind of stressed  
You got me feeling anxious  
I'm always depressed  
And I don't want to play this game of tug of war  
I don't want to be with a hater like you anymore

I don't want to be with a hater like you anymore  
No I don't want to be with a hater  
You are such a hater

I don't like the way that you never took the blame  
For absolutely anything  
And I don't like the way that you put me through hell  
For all those things you do yourself  
Sometimes I wish I could disappear  
All the way into a happy new life  
I don't like the way that you're always telling lies  
You talk about me all the time

I hear you talk  
You a such a bore  
I see the way you look  
I think you look like a whore  
I know you know I know the way your working for  
I don't won't to be with hater like you anymore

I don't want to be with a hater like you anymore  
I don't want to be with a hater like you  
Hater. Hater  
I don't want to be with a hater like you  
Hater. Hater  
I don't want to be with a hater like you anymore  
Anymore...

I don't want to play this game  
No I don't want to play these games

Your a hypocrite  
Yeah you lie to me  
You use words you don't understand  
You embarrass me  
Yeah your beautiful in a ugly way  
Hey the sex was never that good anyway

Its got me down  
I am super stressed  
I'm taking medication  
I'm always depressed  
I don't want to fight you in this tug of war  
I don't want to be with a hater like you anymore

I don't want to be with a hater like you anymore  
I don't want to be with a hater like you  
I don't want to be with a hater like you  
I don't want to be with a hater like you  
Hater
