

I know where you go when you want to fall
Why do you want to be broken?
I know where you go when you want to fall
Yes your friends they tell me everything
Yes I know where you go
Yes I know what you do
Yes I know the awful things you say and who you say them to
Yes I know where you go
Yes I know what you do
I know how you feel, you get crazy inside
They say it runs in the family
I know just how you feel when you get crazy inside
Your mom she said that you are just like me
I can see it in your eyes
I can see your shaky hands
Yes I think you think i'm stupid
You don't think I understand
Yes I see you and I see myself when I was a younger man
When you were a child
You were happy and free
You were my reason to live
I would die when you smiled at me
I can still see you
I remember you painting
Sunflowers in your room
I know where you go when you want to fall
Hey don't you want to be happy?
I know where you go when you want to fall
Your useless friends, they tell me everything
Everything
I see you run around in circles
I see you digging your own hole
I see you fight the fights you just can't win
I see you losing self control
What it does to me deep down inside I hope you will never know
When you were a child
You were happy and free
You were my reason to live
I would die when you smiled at me
I can still see you
Painting flowers on the wall
I remember you happy
I remember it all
All I want to remember
Pretty pictures on the wall
I remember you happy
I remember it all
All I want to remember
Sunflowers in your room
