

Wishing

Everclear

Standing outside your door
I look crazy to the world
I have been to this place before
The right guy for the wrong girl
I wish I could awaken from a dream
That I just don't wanna believe
That I'm sitting here waiting for you
And I know you're walking away from me

I don't wanna say the words
That everyone seems to know
I put you in every room with me
Right where I go
I wish I could awaken from a dream
That I just don't wanna believe
That I gave a beautiful freak like you
Power and control all over me

Please don't leave me
Please don't go
I don't wanna be alone

Wishing don't count for much
when I think of what is gone
I refused to believe in luck
Now when it comes to my luck
I wish I could awaken from a dream
That I just don't wanna believe
That all the bad things I've done in my life
Are coming back to torture me

Please don't leave me
Baby please don't go
I don't wanna be alone
Please don't leave me
Baby please don't go
I don't know how to be alone

You walked into my life
Like you walk into a crowd
I just don't know how you obsessed on me
I wish that I could see what you saw in me
All the things you said that you liked so much
Are now the things you say you hate
Now all I wanna do is start over again
Now all I wanna to do is try to make you wanna stay

I'm sorry to sound so lame
But you're leaving way too late
Just tell me what I need to say
That will make you wanna stay

Please don't leave me
Please don't go
Please don't go
Please don't tell me
That it is time for you to go

Please don't leave me
Please don't go
Please don't go
Please don't tell me
That it is time for you to go
I don't know how to be alone
I don't know how to be alone
I don't know how to be alone

Please don't be cruel
Please don't do to me
The horrible things that I did to you
