

## K M (Most Terrible God)

Evereve

Seconds come and seconds go  
In decay's silent flow  
Don't you ever question me or...  
You will reveal my vanity

Used as a bait for mercy  
I am undignified  
Why don't you dare to show me  
The White Light

Kill me -  
come for me, come...  
Kill me!

Get me out of here... Get me out!

I am nothing more but dirt  
The curse upon us all  
There is no time left for piety  
When the SAVIOUR takes his toll

I have never had my chance  
I was never meant to be  
Why don't you dare to show me  
The White Light
