

## Dying Degree

### Evergreen Terrace

Dresser droors are filled with pocket change  
Coupons cut, cigarettes smoked down to the butt  
Is this what dreams are made of?  
Adding up subtracting down you find yourself sucking the rind

Dying degree, graying Amie

Final payment made, had you forgot?  
The rightful owner of one deluxe cemetery plot  
Paisley satin lined how apprapoe  
What a better way to go

Dying degree, graying Amie

No more eating crumbs  
When my pension finally comes  
Your kids want eat mush  
Anymore 'round me

Dying degree, graying Amie
