

The Thunder

Evergreen Terrace

Staring back your disposition
Will be the end of you
Laying out this one condition
You're going nowhere (2x)

Break your teeth and pour out the lies
They keep on coming, I don't know why
You'll never get it til you're alone
On an island skipping stones

Staring back
Staring back to nothing (2x)

You're going nowhere. (2x)

Staring back.
You're nothing. (7x)

Staring back. (2x)
