

Zero

Evergreen Terrace

My reflection, dirty mirror
There's no connection to myself
I'm your lover, I'm your zero
I'm in the face of your dreams of glass
So save your prayers
For when we're really gonna need'em
Throw out your cares and fly
Wanna go for a ride?

She's the one for me
She's all I really need oh yeah
Cause she's the one for me

Emptiness is loneliness, and loneliness is cleanliness
Cleanliness is godliness, and god is empty just like me

Intoxicated with the madness, I'm in love with my sadness
Bullshit fakers, enchanted kingdoms
The fasion victims chew their charcoal teeth

I never let on, that I was on a sinking ship
I never let on that I was down

You blame yourself, for what you can't ignore
You blame yourself for wanting more

She's the one for me
She's all I really need oh yeah
She's the one for me
She's my one and only
