

# The Great Deceiver

Evergrey

I am your temptation  
Your every vicious thought  
Lacking self-confidence  
Deception in it's purest form

I am your hesitation  
When you wander in circles  
The hand you reach for when no one's there  
In a charade so perfect

Come walk this way  
And I'll have you, I'll show you  
Yearning, dreaming  
Your humble servant

Your trust so precious  
I'm the user, the abuser  
Haunting, serving  
The great deceiver

I am your false beauty  
I am your hidden hate  
The hideous face of sloth  
What makes you degenerate

And I am the shadow  
What you sense when no one's near  
Discomfort and pleasure  
'Til your chapter ends

Come walk this way  
And I'll have you, I'll show you  
Yearning, dreaming  
Your humble servant

Your trust so precious  
I'm the user, the abuser  
Haunting, serving  
The great deceiver
