

## Friend

Everlast

There's a sickness in my soul  
And I don't know but I been told  
It's incurable

There's a darkness in my heart  
Slowly tearin' me apart  
It's unbearable

Drop of blood, a lake of tears  
And baby, after all these years  
You're still beautiful

And I've been loved and I've been used  
Cut wide open, scarred and bruised  
I'm unbreakable

Flesh, it heals I know  
Hearts, they never mend  
Lovers come and go, girl  
Right now I need a friend

Walk for miles, talk for days  
And I keep trying to change my ways  
It's so difficult

You kick and scream  
You curse and yell  
Tell me I should go to hell  
It's so typical

Touch my heart  
Feel my pain  
Let me know I'm not insane  
You're so merciful

Break your heart, I cheat, I lie  
And honestly I don't know why  
I'm so pitiful

Flesh, it heals I know  
Hearts, they never mend  
Lovers come and go, girl  
Right now I need a friend, yeah

There's a sickness in my soul  
And I don't know but I been told  
It's incurable

There's darkness in my heart  
That's slowly tearin' me apart  
It's unbearable, yeah

Flesh, it heals I know  
Hearts, they never mend  
Lovers come and go, girl  
Right now I need a friend, yeah  
Right now I need a friend

There's a sickness in my soul  
And I don't know but I been told  
It's incurable
