## **The Letter**

**Everlast** 

Sometimes you win, sometimes you lose All the broken hearts and the unpaid dues What you did to me, what I did to you I ain't mad at you, boo So what we gonna do? I just seen you out with your mans, lookin' kinda happy Feelin' like somebody just slapped me Gut's in a knot, my temp's gettin' hot I want to make that man bleed and wet his speed knot He ain't got what we had, and it makes me kinda mad I hurt my one true love, just like my dad And it's kinda sad, 'cause now my shit's together No need for umbrellas, I can see the stormy weather I'm goin' outside into the rain Like Keith Sweat, 'cause I can't house this pain We was workin' for years, now I'm jerkin' these tears >From my lips to God's ears, girl, I did you wrong So I'm makin' this song, to let you know how I feel Before keepin' it real, may keep my heart concealed And now I'm on the side just paitently waitin' Watchin' on you and the time for updatin' I can't hide from the truth, I know the pudding's in the proof So I stand convicted, like all your friends predicted But I think you'd be surprised on how this ends, brothers We went from lovers to friends, we'll go from friends to lovers So if that man make you smile, I guess that I'll Just accept it, and respect it I'll hit you wit' this song and let you think about it Then I'll just leave you alone and be a man about it
