

Now Or Never

Everlife

Where's the balance?
Where's the common ground?
I've been hoping lately you'll come around
Time's changed me, brought me to my knees
Taught me how to break free
No more waisting precious life

Right now I've had enough
I'm on the edge of breaking down
The time has come for me to choose
There's nothing to lose
It's now or never
It's now or never

Here's your last chance
To make you something more
It could be better than it was before
You don't get it, you keep holding back
You're living in the past

I made my choice now, you decide

I'm stronger when I'm down on my knees
I lift my head and sing
In spite of all these things

It's now or never
Right now
Yeah!
