

## Sunshine

## Evermore

Sunshine, look the other way  
Bury me in kindness, safer way to say  
Be mine, they'll never find us, they'll never...

Say what lies behind  
Say how it will end  
Pieces of the fire  
Embers in your hand

Sunshine, look the other way  
Bury me in kindness, safer way to say  
And I say be mine, they'll never find us  
They'll never say...

See what lies behind  
See how it will end  
Pieces of the fire  
Embers in your hand
