

# Restless Heart

Everon

Restless heart  
Inside of me  
Will you ever let me find the place  
Where I was meant to be

Heart of stone  
Heart of gold  
One day full of love and warmth  
But the next day full of cold

Sure, I remember  
Those good days we had  
It's true, we've been making plans  
How could I forget

[Chorus]  
Sometimes "forever"  
Means just "longer than a day"  
Some say they'll never leave you  
But then they simply turn and walk away

I don't know  
The reason why  
Against all my best intentions  
My intentions always die

Though I try to stay  
I will soon be gone  
Somehow it seems that I am just not one  
To rely on

Sure, I remember  
Those good days we had  
It's true, we've been making plans  
How could I forget

[Chorus]

Sure, I remember  
Those good days we had  
It's true, we've been making plans  
How could I forget

[Chorus]
