

## Travelling Shoes

Everon

My dear old friend, I hope you will forgive  
If you feel left alone, if you feel left alone  
We had been friends for too long  
To be anything but that  
And that's a thing I should have known  
A funny couple we must have seemed, you and I  
I was trying so hard to fall in love with you  
But you had your travelling shoes already on  
While I was so obviously still wearing her tattoo...  
My dear old friend, I hope you will forgive  
If you're running from me, then please don't run too far  
We've been friends for too long  
To ever let that go  
So I hope, this is still what we are...
