Nothing

Every Avenue

You say everything the right way,
And I say it all wrong
I'm sorry for that, sorry for this song
Give it up, let it go
There are some things you'll never know
If you don't know your reason,
Just try believing in me

I've got nothing left to give you, baby
I gave everything I've got to you
I've got nothing left to give you, baby
I gave everything I've got to you

Threw it all away to just another day,
Another day next to you
How could I be such a fool?
Never was that smart when it came to matters of the heart
I'll play the game, I'll play the game

But as far as I can tell,
This will always scream out "hell"
Just to see you walk away,
Can't walk away, don't walk away
From me, yeah

I've got nothing left to give you, baby
I gave everything I've got to you
I've got nothing left to give you, baby
I gave everything I've got to you

I know we said we'd never forget
I know we left everything unsaid
I know we said we'd never forget
I know we said, we said

I've got nothing left to give you
I gave everything I've got to you
I've got nothing left to give you
I gave everything I've got to you
To you, to you
