

There Tonight

Every Avenue

The city lights are burning bright on that big Hollywood sign
You're probably sleeping in your east coast time
Man, what I'd give just to be there tonight

And I hear people getting high in the next room,
Talking about life and how don't have a clue

I used to dream of "making it" in this town,
Now I'm dreaming of making it out

I'm sick of waking up alone,
Cause I can't be home
All this pain from missing you,
It's just too strong
All I want is just to be there with you
Baby, It's true,
I'd give it all up for you
It's the least I could do

Another night I spend drinking with myself
And counting the channels in this run down hotel
I just hide it, All the pain so no one knows
I'm talking to myself everywhere I go (Everywhere I go)

I used to say that I would never go back
And now I swear I'll never get the chance

I'm sick of waking up alone,
Cause I can't be home
All this pain from missing you,
It's just too strong
All I want is just to be there with you
Baby, It's true,
I'd give it all up for you
It's the least I could do

The hardest part is
I could never give you what you needed
But just so you know,
A part of you will always be right here with me

Waking up alone,
Cause I can't be home
And all this pain from missing you,
It's just too strong
All I want is just to be there with you
Baby, It's true, (Baby It's true)
I'd give it all up for you
It's the least I could do
