

# Until I Get Caught Red Handed

Every Avenue

You expect, you presume  
I expose you the truth  
Can't you see that it's not what it seems

I keep my secret safe with me  
In a box beside the sea  
Faces pale, faces strange  
Pages erased

Who-ah, in the shadows I have stood  
Who-ah, until I get caught red handed  
Who-ah, in the shadows I have stood  
Who-ah, until I get caught red handed  
Get caught red handed

In a crowd, all afraid  
Curious to the daze  
Steady hand, color-stain  
Walk away

Darling, let the monsters breathe  
And don't worry what you'll see  
Faces cold, face the dark  
We all fall apart

Who-ah, in the shadows I have stood  
Who-ah, until I get caught red handed  
Who-ah, in the shadows I have stood  
Who-ah, until I get caught red handed  
Get caught red handed

Aa-ah...  
Woahaa-ah

You expect, you presume  
I expose you the truth  
Can't you see that it's not what it seems

I keep my secret safe with me  
In a box beside the sea  
Faces pale, faces strange  
Pages erased

Who-ah, in the shadows I have stood  
Who-ah, until I get caught red handed  
Who-ah, in the shadows I have stood  
Who-ah, until I get caught red handed  
Get caught red handed

In the shadows I have stood  
Yeah, yeah  
Until I get caught red handed  
Get caught red handed
