

Say Goodbye

Everybody Else

Whatever you want from a man
You better take it fast
While the tears are fallin'

She sees the world different from you
and if she falls again
You leave your? callin

So what are you waitin for?
What are you waitin for?
So what are you waitin for?
Here is your chance to say goodbye
Say Goodbye

I'm gettin so sick of it all
The way he locks you in and never lets you out
It's got to get better than this
I got a motor bike in the driveway now

So what are you waitin for?
What are you waitin for?
So what are you waitin for?
Here's your chance to say goodbye
Say goodbye

So what are you waitin for?
What are you waitin for?

Here's your chance to say goodbye
Say goodbye
