

It's been a year since I wrote in this book  
It seems much longer since I took a look  
Inside my heart and found I wasn't pleased

You see, diary, I must confess  
I haven't always tried to do my best  
When it comes to forgiving,  
When it comes to forgiving my flaws

Rain falls and the Earth shakes  
The sky tears apart  
You gotta run away, you gotta run away now

I've got this terrible tremble in my hands  
and I can't believe I'm not screaming  
This is the end of the world but I hope I am dreaming  
There's so much left to do

It's been two years since I've had that nightmare  
It seems much longer since I've been aware of  
The darkness pulling me away from the light

You see, diary, I must confide  
When I fall short I just die inside 'cause  
I strive, I run, I fight for the goodness in life  
And that's just simply me

Rain falls and the Earth shakes  
The sky tears apart  
You gotta run away, you gotta run away now

I've got this terrible tremble in my hands  
and I can't believe I'm not screaming  
This is the end of the world but I hope I am dreaming  
There's so much left to do

Tears fall and my world shakes  
My heart is torn apart  
I gotta run away, I gotta run away now

I've got this terrible tremble in my hands  
and I can't believe I'm not screaming  
This is the end of the world and I know I'm not dreaming  
Yet I forgive you
