

## Get Me

### Everything But the Girl

I never thought I'd grow up so fast so far  
And to know yourself is to let yourself be loved  
And I want to be addicted, I want to be secure  
I want to wake up after the night before

But do you ever get me?  
Do you ever get me? Hey  
Do you ever get me? Yeah, yeah

And I'll press your hand against my face  
Weaken my resistance  
And I'll pull the sheets over our heads

Let the broken sky break above our heads  
And I want to be addicted, I want to be secure  
I want to wake up after the night before

But do you get me?  
Do you ever get me? Hey  
Do you ever get me? Yeah

Shower me with affection and I'll return in kind  
I have no hidden motive, I am blind  
I'm a stone inside a box, I'm a spring inside a clock  
You can wear me on your wrist  
And I'll tell you things ten thousand times

But do you ever get me? Yeah  
Do you ever get me? Yeah, yeah  
Do you ever get me? Hey

Do you ever get me? Yeah, yeah  
Do you ever get me? Oh, yeah  
Do you ever get me?
