

## Torso Of The Week

## Everything Everything

Girl you've been hitting the treadmill like a freak  
Baby you're not quite the torso of the week  
The hollowest cheeks in the county  
Time to tweet  
Juggling all over my grave baby  
With your big bare feet

Cold heart,  
eye toothed,  
Feral Child  
Take me dancing, in the wild

You're looking like you're bored with your husband  
You looking like you might have a question  
So why you staring out of the window?  
I can't stop the pain unless you tell me

What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Girl you've been hitting the treadmill like a freak  
What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Baby you're not quite the torso of the week

Girl you've been offered the big deal don't look back  
impossible perks of the lifestyle, gold and black  
The minerals all through your system  
That's my girl  
Juggling all of your babies  
With your blocked up guns

Cold heart,  
eye toothed,  
Feral Child  
Take me dancing, in the wild  
You're looking like you're bored with your husband  
You're looking like you might have a question  
So why you staring out of the window?  
I can't stop the pain unless you tell me

What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Girl you've been hitting the treadmill like a freak  
What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Baby you're not quite the torso of the week

Cold heart,  
high toothed,

Feral Child

You're looking like you might have a question  
You're looking like you've lost all your thinking  
You're screaming like you saw all their futures  
Your list is now the longest so they're trampling

What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Girl you've been hitting the treadmill like a freak  
What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Baby you're not quite the torso of the week

Take my life  
Get your own

What you wrestling with,  
what you wresting, wrestling  
What you wrestling with,  
what you wresting, wrestling with  
Baby you're not quite the torso of the week
