

Beat Of The Street

Evil Conduct

Safety pins and spikey hair
Bondage trousers is what they wear
They believe in anarchy
With songs against society

The beat of the street

See their quiffs go up and down
Psychos stompin' all around
Stand up bass that leads the way
Psychobilly is here to stay

The beat of the street

Oi Oi Oi is what we shout
Skinhead music fast and loud
Never been on top of the pops
Music played by dead end yobs
