

## Punk & Proud

### Evil Conduct

I don't give a shit  
When you look at me 'coz my face don't fit  
I don't give a damn  
Coz I'm fucking proud of what I am  
I don't care at all  
Nothing to lose, backed against the wall  
I don't give a toss  
Whatever we do, put the blame on us

Shout out loud  
Evil Conduct - punk & proud

Nothing I can do  
About your narrow-minded point of view  
Nothing I can say  
Won't face the truth so you walk away  
Seen it all before  
You won't fool me 'coz I know the score  
Now we're gonna shout  
We're punx & skins and fuckin' proud
