

Punk & Proud

Evil Conduct

I don't give a shit
When you look at me 'coz my face don't fit
I don't give a damn
Coz I'm fucking proud of what I am
I don't care at all
Nothing to lose, backed against the wall
I don't give a toss
Whatever we do, put the blame on us

Shout out loud
Evil Conduct - punk & proud

Nothing I can do
About your narrow-minded point of view
Nothing I can say
Won't face the truth so you walk away
Seen it all before
You won't fool me 'coz I know the score
Now we're gonna shout
We're punx & skins and fuckin' proud
