

Skinhead Till I Die

Evil Conduct

It's like a fever that will last forever
Won't disappear, no never ever
It is a feeling and it keeps on growing
A way of life and it keeps me going

[Chorus:]
Skinhead till I die
Skinhead all the way
Skinhead till I die
With heart and soul

It's more than boots and some great long laces
More than a crop and a pair of braces
And though I'm living in the urban backstreets
It gives me pride and it makes my heart beat
