## Evocation

Razored To The Bone

Imagine your future like the truth was not told  
Ahead lies destruction salvation ignored  
The vast generation some found an empty throne  
Same people claim they are razored to the bone

Razored to the bone

Chained are all saviours and tame are no lords  
Succeed with your passion die by the sword  
Lost in temptation destructed fuck up close  
Trash doomed messiah razored to the bone
