

The Roman

Ex Deo

From the sword of Romulus to the blood of Caesar,
I give myself to the will of the gods, guide me through faith
Dignity and virtue; strength and honor.
Bless me with the skills of war
I serve the truth, I serve the light
I am Roman

I've seen the cold worlds disappear
Into the dark, upon the burning crosses
The crescent moon bleeds the blood of tyrants
I bring order for the world to prosper with courage at hand
I will never yield
I am Roman

Con il sangue in mano, con onore del Aquila, siamo figli di Rom
olo, uno sogno, un brivido, sempre con te fino la fina dei temp
i, ave Roma.... Ave Roma!

Oh as they whisper sounds of domination
Let the beasts of the world fall
Let the civil world rise
Philosophers of the world,
Write down the antics of the ancient world
Bring forth evolution

Her beauty is vast, her reach infinite
Her wrath unmerciful, and I will serve you until the end of tim
e

I am Roman...
The Roman!
