

## Lifetime

Excalion

A bullet train is coming through  
Rain and gasoline  
Hear the melody?  
Do as winners do

Life is calling my number  
In this place and time  
It's fine to be alive  
It's fine to be alive

No need  
For fortune, hope or glory  
I have a lifetime  
To make history

For me  
It's not a game of hide and seek  
I have a lifetime  
That's all the time I need

A stray dog is coming through  
Lost and never found  
A homeless greyhound  
Do as drifters do

Today no closed doors or dead ends  
But open air and sun  
Let it all come  
Every day someone is born again  
I want to be that one  
Let it all come
