

## Crucifixion

Exciter

Crucifixion, Satan's cross  
Is he mad or is he God  
Trapped alive in your own tomb  
Damn the peasants  
You know you're doomed  
Crucifixion, Satan's cross  
Fear the one who'll bring you down  
Behold the flame  
Of the sorcerer's name  
You will rise when darkness falls  
Crucifixion, Satan's cross  
Is he mad or is he God  
Trapped alive in your own tomb  
Damn the peasants  
You know you're doomed  
WAR!!  
And rage  
Is the curse  
Of the wishing well  
Fight!!  
And resist  
The pain and sorrow  
Of the demon's guilt  
Cries come from the grave  
Cries come from the grave  
Rise from the flames  
Strength and power from the grave  
Shout and scream  
Defend the reich's infernal reign

Rising from the flames  
Rising from the flames  
SOLO  
WAR!!  
And rage  
Is the curse  
Of the wishing well  
Shout and scream  
Defend the reich's infernal flame  
Crucifixion, Satan's cross  
Is he mad or is he God  
Trapped alive in your own tomb  
Fear the one who brings your doom
