Death Machine

Exciter

Mass murders is the temple of lies
Suffering the pains of hell's demise
Threats of violence to conquer or die

Death machine, death machine

The iron machine commands you to scream
The dying lay dying in a bloodied grave
Conquer your fear and you will conquer death

Death machine, death machine

Mass murders is the temple of lies
Suffering the pains of hell's demise
Threats of violence to conquer or die

Death machine, death machine
