

# I Wanna Be King

Exciter

Hold tough, stand my ground  
Play alone, won't play the clown  
Some say I sealed my fate  
And threw the key away

Now I feel the power  
Surge inside of me  
I'll be the man I wanna be  
I'm tellin' you I'm gonna be

King of the castle  
Ruler of the land  
King of my destiny  
The power's in my hand  
I wanna be king

No way! People say  
Loneliness is the price to pay  
Wasting my time to claim the crown

Now I feel the power  
Surge inside of me  
I'll be the man I wanna be  
I'm tellin' you I'm gonna be

King of the castle  
Ruler of the land  
King of my destiny  
The power's in my hand  
King of the castle  
Ruler of the sky  
King of the castle  
You won't ask why

King of the castle  
Ruler of the land  
King of my destiny  
The power's in my hand  
I wanna be king, I wanna be king  
I wanna be king, I wanna be king
