

Slaughtered in Vain

Exciter

Evil insurgents of mayhem
Reflect the times of slaughter
Of ancient warriors
To the fury of deviless

Slaughtered in vain

The followers of masters
Relent to indecisions
To whom the bell of doom calls for
The wounded will degenerate to ashes

Slaughtered, slaughtered
Slaughtered in vain

The sanctions of forces
Are in cites that darkness forgot
Sedatives are taken by those who cannot cope
With the saw of termination

Slaughtered in vain

Evil insurgents of mayhem
Reflect the times of slaughter
Of ancient warriors
Held in hostage

Slaughtered, slaughtered
Slaughtered in vain

Slaughtered, slaughtered
Slaughtered in vain
