

The Dark Command

Exciter

In the still of the night
Innocence prevails without a guide
Women and children are first to run
To escape the madman, who'll kill till he's done
Kill till he's done...

DARK COMMAND

DARK CAMMAND

The savage beast was born in Hell
Heart of teh devil noone can tell
The Command is waiting, the weapons are drawn
Halas noone, can make him fall
Can make him fall...

DARK COMMAND

DARK COMMAND

Ripping at the seams
Waiting for life
To come to the end
As the bastards watch the dread

The shallow graves await the souls
The Command is given, the blood will flow
The madman grips and kills his prey
No hope he'll let you, live or survive
Live or survive...
