

Excreting Innards

Exhumed

Gnawing the stools, I masticate with fervor
Enthusiastically I ingest the discharge of your gaping anus
Anal disgorgement of steaming bits of meat

Each smelly mouthful I devour, Your rectum is now going sour

I divulge the latent feast of your colon
As my drill gouges an avenue of ano-obliteration

Steaming fecal morsels expelled
Chunks of watery bloodied stool
Your salivating sphincter is throbbing
As I begin to heartily drool

Shredded chunks of your buttocks
Your gaping anus is ground and mulched
As you are made to excrete your innards
Your pulsating sphincter emits a septic belch

Sanguineous anal discharge

Loosened bowel segments
Your colon hemorrhaging in fecal fistula
This disemboweling enema
Turns your anus inside-out
