

## Excreting Innards

Exhumed

Gnawing the stools, I masticate with fervor  
Enthusiastically I ingest the discharge of your gaping anus  
Anal disgorgement of steaming bits of meat

Each smelly mouthful I devour, Your rectum is now going sour

I divulge the latent feast of your colon  
As my drill gouges an avenue of ano-obliteration

Steaming fecal morsels expelled  
Chunks of watery bloodied stool  
Your salivating sphincter is throbbing  
As I begin to heartily drool

Shredded chunks of your buttocks  
Your gaping anus is ground and mulched  
As you are made to excrete your innards  
Your pulsating sphincter emits a septic belch

Sanguineous anal discharge

Loosened bowel segments  
Your colon hemorrhaging in fecal fistula  
This disemboweling enema  
Turns your anus inside-out
