

## Sepulchural Slaughter

Exhumed

From deep in the vault comes the sound of flesh cleaving, Limbs  
are sawed off  
as mourners are bereaving, Sarcophagi splattered with offal and  
bile, Tripe  
drips down the walls of this crypt now defiled... Sepulchural s  
laughter... I  
slaughter my meal with sublime expertise, A mad butcher quite a  
dept at my  
trade, Organs ground to pulp, to serve, chew and gulp, Now on m  
y block your  
head is laid, Slaughtering the deadstock I chop, Fromaldehyde o  
ozes on the  
floor, Mangled limbs are hacked "til they drop Leaving nothing  
but pure rotten  
gore... The blade is sawing the flesh that's for gnawing, Tende  
r morsels of  
this human entre', The saw that is slicing my meal so enticing,  
Is a tool that  
I've used to slay... The crumbling casket now conatins, Just gr  
aven gore and  
splattered remains, Intestines strewn throughout the site, A gr  
isly massacre,  
the last fucking rite... Sepulchural slaughter...
