

## Ziploc Bodybag

Exhumed

Mangled body lies wasted  
Decaying on a mortuary slab  
Ulcerative heap of carnage  
Preserved in a plastic bag...

Cavities are opened, innards dislocated  
Gastric fluid gurgles, as your entrails are masticated  
Vile evisceration, discarded in a box  
Liquefacted autopsy, I ladle the cadaverous slop...

Peeling the perforated skin  
Scour the malignant scabs  
I collect the putrid offal  
In a ziploc body bag...
