

## Are You Breathing

Exilia

Now, I'm running out of time  
I despise what you have done  
You will reap what you have sown  
You will be surprised my dear  
I'll be there when you forget  
To remind you about the mess you left  
I'm trapped inside you soul  
Can you hear me?  
You're losing all control  
Are you breathing?  
I'm feeding on your fears  
Can you feel me?  
I wisper in your ear  
Are you breathing?  
Are you breathing?  
It's all, you don't see and you don't care  
But you can't deny my dear  
There's a price to pay somehow  
You will wonder why I'm here  
Is there something you regret?  
Do you recognize my voice again?  
I'm trapped inside your soul  
Can you hear me?  
You're losing all control  
Are you breathing?  
I'm feeding on your fears  
Can you feel me?  
I wisper in your ear  
Are you breathing?  
Are you breathing?  
I'm eating your lies  
Eating you lies  
I'm done with your lies
