Emptiness of You

Exilia

You closed your eyes
Being so fragile
The pain you felt once more
It's too late
I feel the blame
Now I'm lying on the floor
I'm hating me
It's killing me
It's forcing me to fall
I'm hating me
It's killing me
It's forcing me to fall
I'm calling your name
Calling you now
Emptiness is falling
Like tears in my room
I need to scream
Because I need you
Emptiness of you
Before I say goodbye
You realized
You couldn't fight
Those wounds that hurt so much
Left behind
I feel so blind
Did I betray your love?
I'm hating me
It's killing me
It's forcing me to fall
I'm hating me
It's killing me
It's forcing me to fall
I'm calling your name
Calling you now
Emptiness is falling
Like tears in my room
I need to scream
Because I need you
Emptiness of you
Before I say goodbye
I'm calling you now – Can you hear me?
I'm calling you now – Can you feel me?
I'm calling you now – Can you hear me?
Can you hear me?
