

I'm Perfect

Exilia

I'm misplaced
In this place
I'm freezing
Under the pressure
Holding and crawling
Exhasuted
Lost in yout labyrinth
I can't breath and
I can't see and
I'm lost here,
Perfectly flawed
I can't breath
I'm still bleeding
I'm lost here
Where I'm Perfect
Perfectly Flawed
Kneel down
My head's full of spiders
Look in the mirror
Melt down, my eyes are wide open
Inside my vision
I can't breath and
I can't see and
I'm lost here,
Perfectly flawed
I can't breath
I'm still bleeding
I'm lost here
Where I'm Perfect
Perfectly Flawed
A dark infection
Is going through my veins
I preach resistance
It's a labyrinth of curses
And I'm searching for escape
'Cause I'm perfect
Yeah I'm perfect
I'm perfect
Perfectly Flawed
I'm bleeding and sore
