

In a Coma

Exilia

I see the world with a new perception
She knows the future and she is my obsession
She told me that we met before somehow, somewhere
Feeling hypnotic when I hear her voice again
She can see through my eyes
She can see through my eyes
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
She is in my head, she is in my veins
I need to look into her eyes where I belong
She is in my head, she is in my brains
The unrequited dream I've never had before
She is in my head, she is in my veins
I need to look into her eyes where I belong
She is in my head
She is in my soul
Feel like I've got to make a long confession
Did we have another life to mention?
She told me that we met before somehow, somewhere
I knew her scent before I knew that she was There
She can see through my eyes
She can see through my eyes
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
She is in my head, she is in my veins
I need to look into her eyes where I belong
She is in my head, she is in my brains
The unrequited dream I've never had before
She is in my head, she is in my veins
I need to look into her eyes where I belong
She is in my head
She is in my soul
In my head
In my soul
In my head
In my soul
In my head
In my head
She's in my soul
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got, feels like I'm in a coma
I've got to see her, I got
She is in my head, she is in my veins
I need to look into her eyes where I belong
She is in my head, she is in my brains
The unrequited dream I've never had before
She is in my head, she is in my veins
I need to look into her eyes where I belong
She is in my head
She is in my soul

In my head
In my soul
In my head
In my soul
In my head
She's in my soul
