

Some will say they love you  
Their world surrounds you  
You're better off not fighting it  
Better off not fighting it  
We pretend we don't know what you're going through  
We'd help you out if we could  
Help you out if we could

We're the warriors and breakers of hearts  
We'd be better off together let's start  
I'll be showing you what we are capable of  
I'll be showing you what we are capable of  
We're the warriors and breakers of hearts  
We'd be better off together let's start  
I'll be showing you what we are capable of  
I'll be showing you what we are capable of

I don't mind if you bury me  
I will be loving you honestly  
Heart races I'm in no doubt  
Your hold on me is tight enough  
Love, lust, words stuck in my throat  
There is something you ought to know  
Love always leaves a scar  
Love always leaves a scar

We're the warriors and breakers of hearts  
We'd be better off together let's start  
I'll be showing you what we are capable of  
I'll be showing you what we are capable of  
We're the warriors and breakers of hearts  
We'd be better off together let's start  
Showing people what we're capable of  
Do you know what you are capable of?

It's just a part of life  
Lonely me, lonely you  
We can't be without  
Each other, we have to let go  
Rain down on me  
Hearthache and misery  
Alone I live on  
My heart broken  
I'll mend  
I'll need my friends  
Time seems to have stopped  
My heart keeps beating on

We're the warriors and breakers of hearts  
We'd be better off together let's start  
I'll be showing you what we are capable of  
I'll be showing you what we are capable of  
We're the warriors and breakers of hearts  
We'd be better off together let's start  
I'll be showing you what we are capable of  
I'll be showing you what we are capable of
