Black XIII

Exmortus

Call forth the wizard

My patience has run low

You've failed me once more, bastard demon

With your alchemy and crows

Summon the black
Black thirteen
Crafted by the King
Summon the black
Black thirteen

The glass shows the way
He must perish by the gun
Yet still he rides towards the tower?
His quest can not be won!
Black thirteen
Crafted by the King
Summon the black
Black thirteen

I know I must destroy thee So time can surely fall

Black thirteen

Burn
Scorn
He'll never reach End-World's gates
The last will be un-mourned
