

Collateral Damage

Exodus

Blitzkrieg, insurgence
Under the thumbs of the powers that be
Conflict, tension, unlawful detention
They don't give a fuck about you or me
We are all just collateral damage
The shit they step in on their way
Just puppets used to their advantage
To chew up and throw away

Convergent, we move to deploy
I won't be your whipping boy
Insurgent, I can't take anymore
This is me declaration of war

Fight, oppress
Coalesce, we no longer acquiesce, we
Decry, defy
No longer learning how to live, we're learning how to die, we
Ascend, defend
I recommend we battle to the bitter end, we are
Betrayed, unafraid
Belligerent, resilient
Collateral damage repaid

Illuminati of the one percent
We chase their carrot on a string
Wall street deceit all stuck on repeat
Peons serving to the kings
To them it's all just a natural selection
A birth right of gluttony
Like a kind of Immaculate Conception
Of inbred conformity

Convergent, we move to deploy
I won't be your whipping boy
Insurgent, I can't take anymore
This is me declaration of war

Fight, oppress
Coalesce, we no longer acquiesce, we
Decry, defy
No longer learning how to live, we're learning how to die, we
Ascend, defend
I recommend we battle to the bitter end, we are
Betrayed, unafraid
Belligerent, resilient
Collateral damage repaid

Street punk makes a fatal mistake
Dared to look him in the eye
Ten rounds, just standing his ground
Only choice, he had to die
Just another violent confrontation
Murder in the first degree
Another ready, aim fire
Do more time for petty larceny

Convergent, we move to deploy
I won't be your whipping boy
Insurgent, I can't take anymore
This is me declaration of war

Fight, oppress
Coalesce, we no longer acquiesce, we
Decry, defy
No longer learning how to live, we're learning how to die, we
Ascend, defend
I recommend we battle to the bitter end, we are
Betrayed, unafraid
Belligerent, resilient
Collateral damage repaid
