

# I Am Abomination

Exodus

I am affliction  
The cause of all that ails you  
I am addiction  
That binds and assails you  
Through all confusion  
I am the chaos  
I'm the thing that makes you hurt  
Laughing at your loss

Just underneath you skin  
Is evils origin  
Come see the face of devastation  
You are me, I am abomination

I am the bleeding  
When you open up the vein  
I am the overdose  
That rushes to your brain  
I'm all you've come to loath  
All you've known to hate  
I am the hunter  
When you come to take the bait

Just underneath you skin  
Is evils origin  
Come see the face of devastation  
You are me, I am abomination

I am Jehovah  
I am the virgin whore  
I am the battlefield  
I'm pestilence and war  
I am the monster  
That lurks beneath your bed  
I'm all perversions  
Trapped inside your head
