

Familiar

Exotype

When I look into your eyes you are familiar
And I know you so well.
(Better than I know myself, if you're a lie then I know your tell)

Fate's like an apparition
It's stance is unwavering
I'm savoring a glance, a passing chance
And I wouldn't change a thing.
And I wouldn't change a thing.

When I look into your eyes you are familiar.
And I know you so well.
(Better than I know myself)
If you're a lie then I know your tell
I close my own to make you disappear, but
When I look you're still there.
When I look you're still there.

Trust me, just me.
You know that I've been there.
The dark is closing in but I'm prepared.
So when the world turns its back on you,
Keep in mind that it has turned on me too.
If you're hopeless standing next to me,
Then hell can collect me.
Yeah!

When I look into your eyes you are familiar.
And I know you so well.
(Better than I know myself,)
If you're a lie then I know your tell.
I close my own to make you disappear, but
When I look you're still there.
When I look you're still there.

And now I'm seeing oh so clearly.
There is something here.

If you're here to take my heart from me,
Take it fast before my mind can see.
If you're here to take my heart from me,
Take it fast before my mind can see.

When I look into your eyes you are familiar.
And I know you so well.
(better than I know myself,)
If you're a lie then I know your tell.
I close my own to make you disappear, but
When I look you're still there.
When I look you're still there.
