

# Stand Up

Exotype

Stand up stand up, what are you waiting for.  
This is everything you wanted.  
Get up listen up, I got something to say.  
You said you'd make it anyway.  
Stand up stand up, what are you waiting for.  
This is everything you wanted.  
Get up listen up, I got something to say.  
You said you'd make it anyway.

This is what you've been waiting for.  
Here's your chance to form your legacy.  
Here's your chance to engrave your memory.  
This is what you've been dreaming of.  
Take a breath, close your eyes and dive in.  
Take a breath, close your eyes and dive in.

From the beginning we are destined for a higher cause.  
Our minds expanded how we planned it then we wrote the laws.  
Now it's come to a decision and we're drawing straws.  
Want to make our own conditions we're technicians though we're flawed

Stand up stand up, it's what you're waiting for.  
This is everything you wanted. There is nothing more.  
Get up listen up, I got something to say.  
You said you'd make it anyway.

This is what you've been waiting for.  
Here's your chance to form your legacy.  
Here's your chance to engrave your memory.

Stand up stand up, it's what you're waiting for.  
This is everything you wanted  
Get up listen up, I got something to say  
You said you'd make it anyway

From the place you least expect I decide the fate of millions  
I am the anomaly
