

Play A Part

Expatriate

You were right, I was wrong from the beginning
Wrong from the very first night when you said
We could stay here forever and never ever, ever forget

So we took our love to the sea that night
So see if it could ever swim back, it did and it did
Four hundred thousand times over again

I only wanted to play a part
I wanted to be someone
Who could make it and make it with you
Again and again

Well, go on, go on, you can have your way
I'll love you till the day that I die
You could have this life and a cup of tea
And take it to bed right now

In a dim lit bar on my side of town
I'll picture in a green dress
The one that makes me feel alive
Over and over and over again

I only wanted to play a part
I wanted to be someone
Who could make it and make it with you
Again and again

Only wanted to play a part
I wanted to be someone
Who could make it and make it with you
Again and again

Wanted to play the part
Wanted to be someone with you

I only wanted to play a part
I wanted to be someone
Who could make it and make it with you
Again and again
