About To Die

See these missiles in the air All these missiles just for you Pointed at me pointed at you You're about to die Dont ask me why Wave bye bye Dead Parents take your children below Is this what you planned for them In four minutes time they will be dead You're about to die Dont ask me why Wave bye bye Dead Just figures in governments game You're to blame you're to blame Was your vote that put them there You're about to die Dont ask me why Wave bye bye Dead Why do childeren look to the sky Watching death come from above All those missiles just for us Pointed at me pointed at you

Exploited
