

Germs

Exploited

body's right for you
don't you bargain
some special rate
standard pressure
shut you flys
furry thing is under your coat

Germs go go go you

have a suck just while I go
body pressure playing some
jailbraker gas again
funny seems i got no legs

Germs go go go you

get us a rope
tell you now
i won't say two so don't do that
never half it muck about
the child knows about her own teddy bear

Germs go go go you
Germs go go go you
Germs go go go you

...

billy i don't know how you worked it out
hey you how did you work it out

Germs go go go you ...
